This is a very hard thing for do for me. I will try to be very diplomatic about it. I have tried for the past 9 years to host/direct the best race in the state. My fami was volunteered to help & they do not get paid. This year everything went great no super until the end. Yes the restaurant drop the ball & I talked to them about it as they did not have enough servers. HOWEVER, for 10 people to walk out & not pay their bill is totally wrong & unacceptable. I got STUCK with \$109 for food & tip that some cyclist enjoyed. I ate a cliff bar for my dinner. I have the tickets & what was eaten. If you STIFFED ME & feel you want to correct it, I can let you know what you owe. If you don't care then I ask you NOT to return to the race next year. Secondly, for the rider that filled up with RED BULL for the week, that again is unacceptable. Red Bull donated the drinks to the race & some rider did not get any because you were greedy.
